*Gail Edwards***

Practice Guidelines:

1. Try to practice every day even if its only for a short while
2. Pick a time to practice when you can focus and concentrate
3. Try to relax when you practice
4. Concentrate on the spots in the music you're having trouble with not those you can already play
5. Try to play the music as perfectly as you can in practice. Remember you play the way you practice!
6. Bring a notebook and pencil to all lessons for assignments and note
7. Bring all your books/music to your lessons
8. Let me know of you're having **any** problems with **any** of your music
9. Ask questions even if we've already talked about it....sometimes you have to hear it a few times before it sticks
10. Let me know if there is any specific piece you would like to learn as I would be happy to help you and have a large music library
11. Have fun and enjoy making music!!!!

Guidelines for Parents:

1. Remuneration for the month is due at the beginning of the first lesson of the month
2. Make-up lessons are available for lessons missed with at least 24 hour advance notice
3. Only one attempt will be made to schedule a make-up lesson
4. Two consecutively missed lessons without notice will result in the loss of your weekly time slot. If you wish to resume your lessons, remuneration for the missed lessons will need to be made before lessons resume.
5. Feel free to discuss any questions, concerns or special requests with me
